

## PROGRAMME

- 13:00 Welcome – Bharat Patel, Clinical Pharmacist at Rushall Medical Centre, MPPN Chairman
- 13:10 Financial Planning for Clinical Pharmacists & Pharmacy Technicians: getting the basics right – Greg Povey, Independent Financial Advisor and Owner of GPFinancial
- 13:40 Q&A
- 14:00 Meeting Close

## LEARNING POINTS

A whistle-stop tour of:

- The cost-of-living crisis and where you should put your money
- An update on the NHS Pension Scheme and why you need to start planning for an early retirement
- Getting a mortgage when you are employed or self-employed

Greg Povey is an independent financial advisor and owner of GPFinancial. Some people may know him from his days at Wesleyan, but since 2023 he has moved into the independent world which brings with it much more freedom. Greg has achieved Chartered Financial Planner status in 2018 and gained Fellowship in Financial Planning in 2021. He has a particular interest supporting the financial needs of healthcare professionals and has a proven track record of this whilst at Wesleyan. He has a comprehensive understanding of the NHS Pension Scheme, NHS salary structure and the benefits available when working for the NHS. For those who focus on non-NHS work, he can help plan alternatives to the NHS Pension as well as ensure your savings & investments, mortgages and insurance plans remain on track throughout your career and beyond.
