INTRODUCTION

Join us for a free, interactive webinar designed specifically for Pharmacists and Pharmacy Technicians working in GP practices.

Accurx is already an integral part of day-to-day communication in primary care — but are you getting the most out of it? This session will take you through the fundamentals of Accurx and AccuMail, explore how they can streamline your workload, and share practical tips to help you work more efficiently when supporting patients and clinicians.

You'll learn:

- The core functions and vision behind Accurx and Accumail
- How to make the most of key features such as SMS+, questionnaires, batch messaging, and appointment reminders
- Practical shortcuts, hints, and best practices from real life examples
- What's coming next — a look at the roadmap and future developments

Whether you're new to AccuRX or simply want to sharpen your skills, this session will help you save time, improve communication, and confidently use these tools in your daily practice.

The session will be led by Harry Thomas, Customer Success Manager at Accurx.
