

DERMATOLOGY SERIES

The MPPN is hosting a series of four educational dermatology webinars designed to support clinical pharmacists and pharmacy technicians working in primary care:

- **Common Skin Conditions and their Differentiation**
Thursday 10th March, 2022, 7:30 – 9:00pm
- **Speedy Paediatric Rashes – A Recap in an Hour**
Wednesday 6th April, 2022, 7:30 – 9:00pm
- **'Red Face' – Skin Conditions Leading To Patients Presenting with Red Faces**
Wednesday 11th May, 2022, 7:30 – 9:00pm
- **Eczema & Psoriasis Management in Primary Care**
Thursday 30th June, 2022, 7:30 – 9:00pm

KEY LEARNING POINTS

- Recognising and addressing the fact that 1 in 4 patients presenting in primary care have skin conditions
- Enabling improved skin condition recognition and differentiation
- Focusing on many of the most common adult and paediatric skin conditions
- Enhanced primary care management of conditions such as Eczema and Psoriasis
- CPD and tangible practice-based 'Quality Project' Outcome opportunities

SPEAKER - DR STEPHANIE GALLARD

Dr Stephanie Gallard (B.Pharm, MBChB, PG Dip Derm [Cardiff Uni.]) qualified as a pharmacist in 1991, a doctor in 1996 and a GP in 2003. After several years as a salaried GP she moved into medical management in 2008.

She has worked in the Liverpool Dermatology Integrated Clinical Assessment and Treatment Service since its inception in 2007 as a GPSI for the Royal Liverpool & Broadgreen University Hospital Trust. Dr Gallard is an enthusiastic educator on dermatology in primary care to all clinicians, and lectures extensively for various organisations, including the RCGP and PCDS (Primary Care Dermatology Society).

REGISTRATION

To register your interest— either for an individual webinar or the whole series – please email Simon at simon@pds-keele.co.uk.

MPPN

This is a promotional series of meetings organised and funded by LEO Pharma with the MPPN for UKIE healthcare practitioners.
